

S3 - Black Dual Channel Hall Effect Sensor 1/2" UNF (inc plug & pins)

The S3 is a dual channel digital sensor that produces a Hall effect square wave output signal (digital)

Termination	
1	+12V Switched
2	HOME - Activates when South facing magnet is detected
3	TRIGGER - Activates when North or South facing magnet is detected
4	0V Signal Ground

Use Crimper set HT-070300 to crimp the pins in this package

Example of use:

On the camshaft of an 8 cylinder engine you would use 8 magnets. 7 facing North and 1 facing South. The trigger edge would be rising and the home edge would be falling. The South facing magnet is your home event, as well as the trigger event for cylinder 1 and should be lined up the sensor when the engine is around 70 degrees before top dead centre compression, This angle is your TDC offset angle.

Configuration	
Trigger Type	Standard
Trigger Edge	Rising
Home Edge	Falling

Compatible Rare Earth Magnet HT-010602
Recommended Air gap: 0.5 - 1 mm (0.020 - 0.040")

Please take care when wiring this sensor as incorrect wiring will damage this sensor!

Do NOT reverse the polarity of active sensors as sensor damage will occur.

HT-010604

Revision #6

This sensor is **strictly non-refundable** if this packaging has been opened or tampered with. This sensor has been individually electronically tested before packaging and is sold "as is" and without any further warranty. If you do not accept these terms please return this sensor in its original unopened packaging for a full refund.

S3 - Black Dual Channel Hall Effect Sensor 1/2" UNF (inc plug & pins)
HT-010604

In many states it is unlawful to tamper with your vehicle's emissions equipment.

Haltech Off-Road Usage Policy

Haltech products are designed and sold for sanctioned off-road/competition non-emissions controlled vehicles only and may never be used on a public road or highway. Using Haltech products for street/road use on public roads or highways is prohibited by law unless a specific regulatory exemption exists (more information can be found on the SEMA Action Network website www.semasan.com/emissions for state details in the USA).

It is the responsibility of the installer and/or user of this product to ensure compliance with all applicable local and federal laws and regulations. Please check with your local vehicle authority before purchasing, using or installing any Haltech product.

Installation of Haltech Products

No responsibility whatsoever is accepted by Haltech for the fitment of Haltech Products. The onus is clearly on the installer to ensure that both their knowledge and the parts selected are correct for that particular application. Any damage to parts or consequential damage or costs resulting from the incorrect installation of Haltech products are totally the responsibility of the installer.

Unless specified otherwise, Haltech warrants its products to be free from defects in material or workmanship for a period of 12 months from the date of purchase. Proof of purchase in the form of a copy of the original purchase invoice, receipt or bill of sale which indicates that the product is found to be defective as mentioned above, it will be replaced or repaired if returned prepaid along with proof of purchase. This shall constitute the sole liability of Haltech. To the extent permitted by law, the foregoing is exclusive and in lieu of all other warranties or representations, either expressed or implied, including any implied warranty of merchantability or fitness. In no event shall Haltech, be liable for special or consequential damages.

Product Returns

Please include a copy of the original purchase invoice, receipt or bill of sale along with the unused, undamaged product and its original packaging. Any product returned with missing accessory items or packaging will incur extra charges to return the item to a re-saleable condition. All product returns must be sent via a freight method with adequate tracking, insurance and proof of delivery services. Haltech will not be held responsible for product returns lost during transit. The sale of any sensor or accessory that is supplied in sealed packaging is strictly non-refundable if the sealed packaging has been opened or tampered with. This will be clearly noted on the product packaging. If you do not accept these terms please return the sensor in its original unopened packaging within 30 days for a full refund.

Returning a sensor or accessory product within 30 days of purchase: Product may be returned for credit or full refund. (Any sealed packaging must not have been opened or tampered with)

Returning a sensor or accessory product after 30 days of purchase: Product may be returned for credit only (no refunds given) and is subject to a 10% Restocking fee. (Any sealed packaging must not have been opened or tampered with)
