Reverse / Back-up Camera Kit

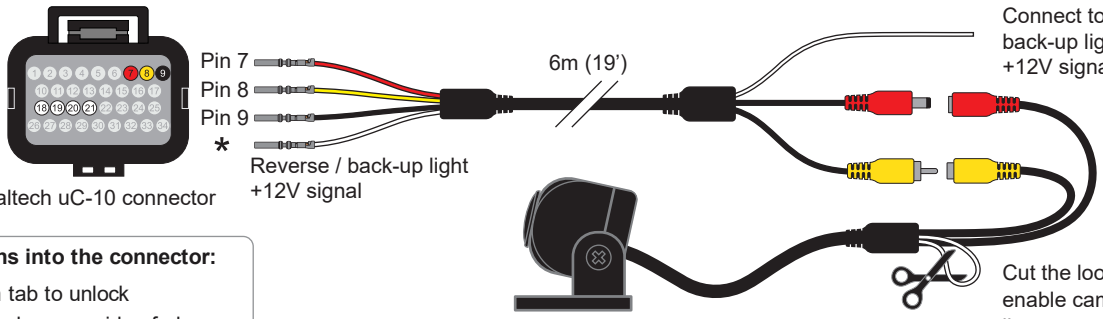

Connects to a Haltech uC-10 display dash for use with the camera input function. Requires uC-10 firmware version v2.29.x or later.

Includes:

- Camera - CVBS, 720 x 480, 170° viewing angle, IP67
- License plate mounting bracket with 2 x M3 screws
- Camera wire harness 6m (19')
- Double-sided tape

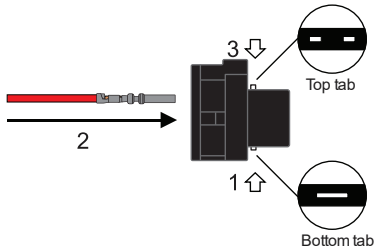

License plate mounting bracket dimensions

Haltech uC-10 connector

How to place pins into the connector:

(1) Push bottom tab to unlock
(2) Insert pin into harness side of plug
(3) Push top tabs to lock

Camera Trigger Options:

a) **In Reverse** – The uC-10 dash can be configured to activate the camera when either the Gear (which may come from the enabled CAN protocol or the transmission, depending on the Gear Detection Type) is in reverse, or when the Reverse Switch is active.

b) * **Input Switch** – In this mode, the white wire shown above must be pinned to the input assigned as the camera trigger input on the uC-10 to receive a +12V signal, when the reverse light is on. Typically, this input would be AVIs 1-4 (pins 18-21), but it can also be any unused AVI or SPI on your uC-10 dash. This white wire does not need to be connected when using the Gear Detection or Reverse Switch functions, as described in option (a) above.

Haltech Off-Road Usage Policy

In many states it is unlawful to tamper with your vehicle's emissions equipment.

Haltech products are designed and sold for sanctioned off-road/competition, non-registered or non-emissions controlled vehicles only and may never be used on a public road or highway. Using Haltech products for street/road use on public roads or highways is prohibited by law unless a specific regulatory exemption exists (more information can be found on the SEMA Action Network website www.semasan.com/emissions for state by state details in the USA).

It is the responsibility of the installer and/or user of this product to ensure compliance with all applicable local and federal laws and regulations. Please check with your local vehicle authority before purchasing, using or installing any Haltech product.

Installation of Haltech Products

No responsibility whatsoever is accepted by Haltech for the fitment of Haltech Products. The onus is clearly on the installer to ensure that both their knowledge and the parts selected are correct for that particular application. Any damage to parts or consequential damage or costs resulting from the incorrect installation of Haltech products are totally the responsibility of the installer.

Haltech Limited Warranty

Unless specified otherwise, Haltech warrants its products to be free from defects in material or workmanship for a period of 12 months from the date of purchase. Proof of purchase in the form of a copy of the original purchase invoice, receipt or bill of sale which indicates that the product is within the warranty period, must be presented to obtain warranty service. If the Haltech product is found to be defective as mentioned above, it will be replaced or repaired if returned prepaid along with proof of purchase. This shall constitute the sole liability of Haltech. To the extent permitted by law, the foregoing is exclusive and in lieu of all other warranties or representations, either expressed or implied, including any implied warranty of merchantability or fitness. In no event shall Haltech, be liable for special or consequential damages.

Product Returns

Please include a copy of the original purchase invoice, receipt or bill of sale along with the unused, undamaged product and its original packaging. Any product returned with missing accessory items or packaging will incur extra charges to return the item to a re-saleable condition. All product returns must be sent via a freight method with adequate tracking, insurance and proof of delivery services. Haltech will not be held responsible for product returns lost during transit. The sale of any sensor or accessory that is supplied in sealed packaging is strictly non-refundable if the sealed packaging has been opened or tampered with. This will be clearly noted on the product packaging. If you do not accept these terms please return the sensor in its original unopened packaging within 30 days for a full refund.

Returning a sensor or accessory product within 30 days of purchase: Product may be returned for credit or full refund. (Any sealed packaging must not have been opened or tampered with.)

Returning a sensor or accessory product after 30 days of purchase: Product may be returned for credit only (no refunds given) and is subject to a 10% Restocking fee. (Any sealed packaging must not have been opened or tampered with.)
